

ASCCC Updates/Announcements
November 23, 2020

We are in Area B. More about Area B: <https://asccc.org/communities/area-news>

Hayward Award needs 2 more faculty readers from Area B:

Being a reader for the Hayward Award means after Dec 11th you will receive a batch of award applications with directions for reading and scoring them. Your scores would need to be submitted to ASCCC by mid-January. The number of applications varies from year to year.

More about Hayward Award: <https://asccc.org/events/hayward-award-0>

Other ASCCC Awards: <https://asccc.org/awards>

Upcoming Institutes:

2021 Part-Time Faculty Institute – Virtual Event

Area B Fall Plenary Meeting update:

The main activity there (other than brief introductions) for those present was reviewing the latest (at that time) Amendments to and any New Resolutions for voting on November 7. It was also a time for the Area participants to make any requests to pull resolutions off the Consent calendar, and no one made such a request (none of the Areas had any requests to pull resolutions off the Consent calendar). We ran out of

time to read through all the Resolutions together (we made it to the #17s), but I encouraged everyone with clarification questions about any of the resolutions to ask Resolutions Chair Stephanie Curry via email or in Pathable (the conference online platform), or at the Parliamentary mic on Saturday Nov 7 Resolutions discussion.

The resolutions discussion and voting (first time all virtual using Zoom for discussion, pro, con, & parliamentary mics, and PollEverywhere for voting) on Saturday went very smoothly and all the resolutions were debated and voted on by about 12:20 PM.

[Here](#) are the resolutions that were passed...this is posted on the asccc.org on the [Fall Plenary website](#).
