Re: Program Status Change for CIS 82Y for effective fall 2026

The program status of CIS 82Y has been changed from stand-alone to program applicable. The status has changed due to processing the Applied Artificial Intelligence COA-A and AA programs, which are effective in fall 2026.

The following other CIS 82 series courses will remain non-program-applicable:

- CIS 82W
- CIS 82X
- CIS 82Z

Re: Extension Request for CETH 11  
Effective fall 2027

I am requesting an extension until fall 2028 for CETH 11 - Race & Ethnicity: Belonging and Exclusion in the US. I will be making major revisions to the course next year and potentially creating a new course that distinguishes CETH 11 from CETH 10 - Introduction to Ethnic studies. I will be making revisions to the course with a focus on race and social movements. CETH 11 currently closely resembles the similar content as CETH 10 - Introduction to Ethnic studies. Changes to CETH 11 will require major revisions to change the course's contents.

Effective fall 2027

I am requesting an extension until fall 2028 for revisions and changes to CETH 13/ARTS 2F - History of Multicultural Arts in the United States. I will be making major revisions to the course next year and potentially creating a new course that focuses on race and pop culture that satisfies the humanities requirement for transferring.
