Comments:

Parjosh/Cythnia/Richard – science classes, the lab classes are really long, when working around it, it keeps falling some time between. It is how the courses are put out. Two labs, one classes. They have to be there, because that is the classes that are offered. The lab hours are really bad.

Richard – the higher the class the lower classes are available.

Sam – Unless Friday, Wednesday would be the only best day for a senate meeting.

Ramsey – Committee meetings are a little harder because it’s hard to work with everyone’s schedule.

Andrew – It would be better if everything were a set schedule so that people can make their classes around that.

Glen – Senate meeting to be later, 4:30. Some classes end at odd times and it would be easier for the night students to come in.
