- 1. Why do you want to join the DASB Senate, and what do you hope to achieve?**

First of all, I really love De Anza College since it provides great valuable education and a variety of course work. Most of the teachers here are full of passionate about education and they really care about the students. In that case, I really want to do something to pay back our college. Since climate issue is more and more important I want to Join in DASB to research out what's the better way to make our future more sustainable and green.

- 2. What are some of the skills and experiences that you will bring to the DASB Senate?**

I am the president of Economics students honor society club, so I have more experience in leadership, administration, and activities planing. In the club, I Hosted a current event and economic policy forum in De Anza, hosted simulated stocks competition, and handled all administrative responsibilities and arranged weekly meetings for fellow members.

- 3. What other commitments do you have and how will you manage your time?**

I know the senate meeting and committee meeting time a long time ago, so I already organize my classes schedule before this quarter. In that case, I have plenty of time to join in the school activities and helping De Anza get better and better though DASB.

- 4. Additional comments**

I really passionate about education since education can change the future. I always think that what if we have great valuable basic education like De Anza-Foothill in my home country, China. I think that being a senate at De Anza College could make me learn more about education and college. I am willing to learn and experience more by devoting my work to De Anza.

Most of international students think the tuition of international students is expensive.

Unfortunately, it has great difficulty to solve this problem. Second, many students think parking security is not good enough since last we had rob case in parking lot. Personally, I think to add several cameras will improve the safety around main campus is necessary. Third, lots of students think the parking plot is too compact and the parking permit is expensive. That make the price of parking permit is not valuable. By the way, a few students want to have overnight parking on campus. Fourth, Part of students think the textbook is a little expensive and we should make print textbook which sale on bookstore recyclable. Which mean we could return the printing textbook or buy used printing textbooks in the bookstore. I think that it's really reasonable and beneficial to do it. At the end, a few students think the bathroom on the campus is really dirty, we need to schedule cleaning more frequently.
