PLENARY RESOLUTIONS PROCESS

In order to ensure that deliberations are organized, effective, and meaningful, the Academic Senate for California Community Colleges uses the following resolution procedure:

- Pre-plenary resolutions are developed by the ASCCC Executive Committee (through its committees) and submitted to the pre-plenary area meetings for review.
- Amendments and new pre-plenary resolutions are generated in the area meetings.
- The Resolutions Committee meets to review all pre-plenary resolutions and combine, reword, append, or render moot these resolutions as necessary.
- Resolutions and amendments must be submitted to the Resolutions Committee before the posted deadlines each day by using the webform available on the [Resolutions Process webpage](#).
- New resolutions submitted on the second day of the plenary session are held to the next session unless the resolution is declared urgent by the ASCCC Executive Committee.
- Resolutions and amendments are debated and voted upon in the general sessions on the last day of the plenary session by the delegates.
- All resources are available on the [ASCCC website](#).

Prior to plenary session, it is each attendee's responsibility to read the following documents:

- Senate Delegate Roles and Responsibilities (found in [Local Senates Handbook](#))
- Resolution Procedures (Part II in [Resolutions Handbook](#))
- Resolution Writing and General Advice (Part III in [Resolutions Handbook](#))

New delegates are strongly encouraged to watch the New Attendee Information pre-plenary webinar.

The following legend has been used to identify consent calendar items, new resolutions, and new amendments:

- Consent Calendar resolutions and amendments are marked with *
- Resolutions and amendments submitted at area meetings are marked with +
- Resolutions and amendments submitted through Thursday of the plenary session are marked with #
- Amendments and urgent resolutions submitted on Friday of the plenary session are marked with ^

CONSENT CALENDAR

Resolutions may be placed on the consent calendar by the Resolutions Committee for any of the following criteria: 1) believed noncontroversial, 2) do not potentially reverse a previous position of the ASCCC, 3) do not compete with another proposed plenary session resolution. Resolutions and any subsequent clarifying amendments that meet these criteria have been included on the consent calendar. If an amendment is submitted that proposes to substantially change a resolution on the consent calendar, that resolution will be removed from the consent calendar.

Resolutions may be removed from the consent calendar at area meetings, making requests of the Resolutions Committee, and immediately before adopting the consent calendar on the last day of plenary session. Reasons for removing a resolution from the consent calendar may include moving of a substantial amendment, a desire to debate the resolution, a desire to divide the motion, a desire to vote against the resolution, or even a desire to move for the adoption by the body by acclamation.

101 CURRICULUM

101.01 S24 Update the 2017 Paper *The Course Outline of Record: A Curriculum Reference Guide Revisited

Whereas, The Academic Senate for California Community Colleges adopted the paper *The Course Outline of Record: A Curriculum Reference Guide Revisited*¹ in Spring 2017 and has not updated it since;

Whereas, The adoption of California Code of Regulations Title 5 sections 51200² and 51201³ in 2020 established a commitment by the Board of Governors of the California Community Colleges to ground the educational mission of the California Community Colleges in the principles of diversity, equity, inclusion, and accessibility (DEIA) in order “to create a safe, inclusive, and anti-racist environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community”;

Whereas, The Academic Senate for California Community Colleges has grounded itself in DEIA and antiracist work through the infusion of inclusion, diversity, equity, antiracism and accessibility in its mission statement, vision statement, goals, and strategic directions; and

Whereas, The Academic Senate for California Community Colleges adopted resolutions 09.01 Fall 2021⁴ and 09.01 Fall 2023⁵ in support of requiring the incorporation of DEIA principles and practices into course outlines of record;

Resolved, That the Academic Senate for California Community Colleges update the paper *The Course Outline of Record: A Curriculum Reference Guide Revisited*⁶ to reflect the shift to infuse diversity, equity, inclusion, accessibility, and antiracism in curricular matters and present it for adoption at the Fall 2025 Plenary Session.

Whereas, Appendix A of the “Cal-GETC Administrative Implementation Guidance” memo states that if a student has continuous enrollment prior to the fall of 2025, students will not require California General Education Transfer Curriculum (Cal-GETC) certification, but for those students who lose catalog rights, they will be held to Cal-GETC certification; and

Whereas, If a student with prior continuous enrollment who completes a course approved for the California State University General Education Breadth Area A1 Oral Communication or Intersegmental General Education Transfer Curriculum Area 1C Oral Communication prior to Fall 2025 and loses catalog rights may now be expected to complete another oral communication course approved for the California General Education Transfer Curriculum Area 1C;

Resolved, That the Academic Senate for California Community Colleges work with the Intersegmental Committee of the Academic Senates (ICAS) to advocate for oral communication courses completed prior to Fall 2025 that meet the Intersegmental General Education Transfer Curriculum Area 1C being honored for the purposes of the California General Education Transfer Curriculum certification regardless of a student’s catalog rights.

103 GRADING POLICIES

***+103.01 S24 Expanding Grading Options for Dual Enrollment Courses**

Whereas, The California State University²⁷ and University of California²⁸ requires first-year students to complete the A-G subject requirements with grades of “C” or higher;

Whereas, High school students may use transferable college courses to supplement their A-G subject requirements through dual enrollment or concurrent enrollment; and

https://www.calstate.edu/apply/freshman/getting_into_the_csu/pages/admission-requirements.aspx

²⁸ UC A-G Course Requirements: <https://admission.universityofcalifornia.edu/admission-requirements/freshman-requirements/>

Whereas, California community college courses are accepted for credit at both the University of California (UC) and California State University with letter grades and pass/no-pass (P/NP) options, and that for transfer students to the UC, UCs will allow up to 14 semester (21 quarter) units to be completed with (P/NP) to meet the 60 units required for minimum eligibility;

Resolved, That the Academic Senate for California Community Colleges work with the Intersegmental Committee of the Academic Senates (ICAS), California State University Chancellor's Office, and the University of California Office of the President to consider allowing college courses completed with pass/no-pass by dual enrollment students to satisfy the A-G subject requirements for the California State University and University of California.

105 STUDENT PREPARATION AND SUCCESS

***+105.01 S24 Align Approval and Completion of IGETC/Cal-GETC Courses with University of California Transfer Admission Requirements**

Whereas, A basic transfer admission requirement of the University of California is the completion of at least seven courses (21 semester units minimum) of coursework approved by the University of California Office of the President (UCOP) for inclusion in the five University of California Transfer Eligibility (UCTEL) areas²⁹ (the so-called "seven-course pattern")³⁰, for which the standards for inclusion of California community college courses in the five areas of the seven-course pattern are neither posted on the UCOP website nor included in the policies of the University of California Academic Senate;

Whereas, The process of reviewing and approving California community college courses for the University of California Transfer Eligibility (UCTEL) "seven-course pattern" areas is conducted by course reviewers under the auspices of the University of California Office of the President during its annual University of California Transferable Course Agreement (UCTCA) submission

²⁹ The UCTEL Areas are UC-E (English composition), UC-M (mathematical concepts and quantitative reasoning), UC-H (arts and humanities), UC-B (social and behavioral sciences), and UC-S (physical and biological sciences). To see what courses from your college are approved for UCTEL areas, please go to <https://assist.org/>

³⁰ For more information about the seven-course pattern requirement for transfer students, please see <https://admission.universityofcalifornia.edu/admission-requirements/transfer-requirements/preparing-to-transfer/basic-requirements.html>

and review process³¹, a process that is completely separate from the current Intersegmental General Education Transfer Curriculum (IGETC) submission and review process;

Whereas, The courses approved for current Intersegmental General Education Transfer Curriculum (IGETC) areas, and also presumably the California General Education Transfer Curriculum (Cal-GETC) areas, do not automatically meet University of California transfer admission requirements unless they have been separately approved for University of California Transfer Eligibility (UCTEL) “seven-course pattern” areas through the annual University of California Transferable Course Agreement (UCTCA) submission and review process conducted by the University of California Office of the President; and

Whereas, Because coursework approved for the Intersegmental General Education Transfer Curriculum (IGETC) areas, and also presumably the California General Education Transfer Curriculum (Cal-GETC) areas, may not necessarily be approved for University of California Transfer Eligibility (UCTEL) “seven-course pattern” areas, students may not realize until it is too late that they have completed IGETC/Cal-GETC approved courses that are not part of the “seven-course pattern” areas and subsequently may be denied admission to the University of California for not meeting the basic requirement of completing the seven-course pattern;

Resolved, That the Academic Senate for California Community Colleges urge the University of California Academic Senate and the University of California Office of the President to determine that California community college students who have completed coursework for either the Intersegmental General Education Transfer Curriculum (IGETC) pattern or the California General Education Transfer Curriculum (Cal-GETC) pattern have thus completed the corresponding University of California Transfer Eligibility (UCTEL) (“seven-course pattern”) coursework requirements for admission to the University of California, regardless of the UCTEL area approval status of the courses completed by the student;

Resolved, That the Academic Senate for California Community Colleges urge the University of California Academic Senate to recognize the California General Education Transfer Curriculum (Cal-GETC) standards as equivalent to the standards of approval of California community college courses for the corresponding University of California Transfer Eligibility (UCTEL) areas (the “seven-course pattern” areas); and

Resolved, That the Academic Senate for California Community Colleges work with the University of California Academic Senate and the Intersegmental Committee of Academic Senates (ICAS) as soon as possible to advocate for the integration of the course approval standards and course submission and review processes for the University of California Transfer Eligibility (UCTEL) areas (the “seven-course pattern” areas) into the course approval standards and course

³¹ The UCTCA (“UC transferability”) submission period is every summer (June, July, or August, depending on the college). Articulation officers submit courses through ASSIST. While there is no formal way for articulation officers to request UCTEL consideration, they can informally request such consideration by including a note in the comments box when submitting a UCTCA proposal.

submission and review processes of the California General Education Transfer Curriculum (Cal-GETC) areas to guarantee that California community college students who complete the appropriate Cal-GETC-approved coursework automatically meet the University of California “seven-course pattern” transfer admission requirements.

113 LEGISLATION AND ADVOCACY

113.01 S24 Support SB 895 (Roth, as of March 9, 2024) to Establish the Baccalaureate Degree in Nursing Pilot Program

Whereas, California’s long-standing shortage of Registered Nurses (RNs) has worsened in recent years with an increase in the number of RN retirements, increase in the percentage of employed RNs planning to retire or leaving nursing in the next two years, and a decline in RN education program enrollments and graduations, despite an increase in applications³⁴;

Whereas, Bachelor of Science in Nursing (BSN) degrees are increasingly preferred in the hiring of RNs³⁵ and California’s nursing programs annually turn away thousands of qualified applicants, e.g., in 2021-22, out of 35,474 qualified applicants for a Bachelor of Science in Nursing (BSN) program there were only 12,963 spaces available of which only 9,179 ultimately enrolled³⁶;

Whereas, The Academic Senate for California Community Colleges supported the expansion of baccalaureate degree programs in the California community colleges in disciplines and communities that best serve the students of the California Community Colleges with prioritization of programs in allied health fields³⁷; and

Whereas, SB 895 (Roth, as of March 9, 2024)³⁸ would

1. Require the Chancellor of the California Community Colleges to develop a Baccalaureate Degree in Nursing Pilot Program that authorizes up to 15 community college districts to offer a Bachelor of Science in Nursing degree.
2. Require the chancellor to identify eligible community college districts that apply based on the following criteria:
 - a. There is equitable access between the northern, central, and southern parts of the state to the pilot program.

 - c. The community college district has a nationally accredited nursing program.
3. Limit the total number of participants in a pilot program at a community college district to 25 percent of the community college district's associate degree in nursing class size.
4. Require the Legislative Analyst's Office to conduct an evaluation of the pilot program to determine the effectiveness of the program and the need to continue or expand the program;

Resolved, That the Academic Senate for California Community Colleges support SB 895³⁹ (Roth, as of March 9, 2024) to establish the Baccalaureate Degree in Nursing Pilot Program.

Whereas, The recent cases of sexual harassment in the California State University (CSU) system and the California Community Colleges (CCCs) have demonstrated the need for external oversight in the handling of Title IX complaints, have resulted in costly legal actions that divert precious resources away from serving students, and have led to legislation which requires annual reporting to the legislature by the CSUs, such as SB 808 (Dodd, 2023)^{56,57}, and external oversight is recommended of the CCC, CSU, and UC systems in A Call to Action Report 2024 by the Chair of the Assembly Higher Education Committee⁵⁸;
