Grading

Your final grade will be based on the following weighted averages:

- Cumulative Final Exam = 30%
- Exams = 45% (4 administered, based on HW, class lecture, quizzes, text examples)
- Quizzes =15% (based on homework)
- Homework = 5%
- Special Projects = 5%

Homework

There will be problems given to you to help guide your studies. These will be collected and will serve as representative problems for each section to prep for weekly quizzes. I will provide these problems by email.

Textbook Chapters Covered:

Selected sections from the following: Chapter 1, Chapter 4, Chapter 6, Chapter 7, Chapter 9, Chapter 10, Chapter 11

Attendance/Exams/Expectations

- All class meetings are mandatory, no exceptions. Roll will be taken. After accruing four unexcused absences, you will be dropped. Lack of attendance, leaving before class ends, or coming in late is considered disrespectful and as such, I will take serious note. Prior notice by way of e-mail is required if you must be absent.
- If you choose to not continue in the class, you must drop yourself. If you are still on my roster at the end

Materials

- <u>Intermediate Algebra for College</u>
 <u>Students</u> by Robert Blitzer, 7th edition
 ISBN:9780134178943
- Spiral Notebook for HW
- Required: Scientific Calculator only for quizzes and exams
- Optional: TI-83, TI-84 or any approved graphing calculator, however, not permitted on quizzes/exams.

Prerequisite

MATH 212 (with a grade of C or better); or a satisfactory score on the College Level Math Placement Test within the last calendar year. Advisory: EWRT 211 and READ 211 (or LART 211), or ESL 272 and 273.

Miscellaneous

Network, Network!

of the quarter and you stopped attending, I must give you an F.

- I will give you ample notice if I have to change the dates of the exams for whatever reason.
- Here are the quarter exams for your reference: Exam 1 Friday, Apr 27th; Exam 2 Friday, May 18th; Exam 3 Friday, June 8th; Exam 4 Wednesday June 20th
- You are required to attend all assessments and there will be no makeup quizzes or exams. I drop the lowest two quiz scores.
- The final exam must be taken during the specified time and if you cannot take the exam during the time, please find another instructor.
- You are required to pre-read sections and work through text examples prior to coming to class.
 Consider this practice mandatory HW every day.

Academic Dishonesty

No cheating. Enough said. If it feels like cheating, it probably is. Nothing is worth risking the privilege of attending De Anza College. I will take serious action. No talking during assessments and please take care of your needs prior to the assessment. (Solo quizzes, exams, final).

Class Conduct

Be respectful to your fellow students and to me at all times during class. Please be on time and do not leave early unless you have talked to me beforehand and do not talk during lecture. Talk as much as possible during community quizzes. Bring your textbook to class. I don't mind if you share textbooks in class.

Note: Instructor has the right to change the syllabus as necessary.

Find a student in class who can be a resource for you! Excused absent a particular day? Email a buddy for notes. Also, comparing notes is a great way to study, as different viewpoints can often yield more efficient study results.

Learning Math

Study groups work! Recopying your notes every day works! Spending a little time everyday going through the next section's examples works! Teaching someone else works! Making study guides works! Writing your own quizzes and exams works! Expect to spend about 10 hours a week studying this material. Find tutoring immediately if needed at the Math, Science, and Technology Resource Center.
