Newsletter Winter 2026 - Week 1

Highlights!

🌟 Your First Week with MESA!

Welcome to Week 1! 🎉🎉🎉

Starting a new quarter can feel overwhelming, especially with homework and exams already on your mind. MESA is here for you from day one! Drop in for warm support, easy-to-ask math help, and a space where you can breathe, focus, and feel confident. Let's start the quarter strong together!

De Anza College

Highlight!

Meet our MESA Tutor Minh Khoa Pham!

Hi all, I'm Minh Khoa. I will be your next MESA math tutor in statistics and calculus. I am a big fan of math and love tutoring this subject. My fiery passion and involvement in volunteering as a math tutor have earned me this position at MESA. I used to major in computer science, yet later my math ambition expanded so massively that I shifted to learn data science. I wish whoever learns math with me will love it. A side of my fun fact is that I compose math problems as my hobby ^^

MESA/De Anza College Events

UndocuSTEM Program!

Introducing UndocuSTEM Program! We are a dedicated community for undocumented students and students from underrepresented communities pursuing careers in Science, Technology, Engineering, and Math. Our mission is to provide a safe space, tailored resources, advocacy, and a strong support network to help you navigate your academic journey and achieve your professional goals. Our vision is to give students, parents, educators, and community members the tools to support students in reaching higher education regardless of the barriers that may exist.

External Opportunity

UCSF Summer 2026 Pre-med Program Hospice and Palliative Medicine

The 3.5-week program provides premedical students with an immersive clinical experience in the field of hospice and palliative medicine, with clinical shadowing in inpatient palliative medicine, outpatient palliative medicine (virtual visits), and home-based hospice. The program includes didactics related to the field of hospice and palliative medicine, including tools for resiliency in this work. Participants will also be provided with longitudinal mentorship by palliative care physicians at UCSF through the medical school application process and beyond.

Application deadline is February 28, 2026.

How to apply and for more information: <https://palliativemedicine.ucsf.edu/education/hospice-palliative-medicine-pre-med-summer-program>

2026 Stanford Cancer Research and Careers Undergraduate Program

The Stanford Cancer Institute and the American Cancer Society are partnering to provide a summer internship for undergraduate students from San Francisco Bay Area schools with research tools and experiences necessary to pursue careers in cancer research.

It will take place from June 22 to August 28, 2026.

- Application open: December 8, 2025
- Application deadline: January 12, 2026

To learn more and apply:

Cal-Bridge Summer

Cal-Bridge Summer is a summer research program designed to allow California State University and California Community College students to participate in cutting-edge research in a variety of STEM disciplines at one of over 20 world-class partner research institutions. Selected students are paid a stipend and their travel and housing expenses are covered.

Application deadline: January 31, 2025

To learn more and apply: https://calbridge.smapply.org/prog/cal-bridge_summer/

Research-Undergraduate Summer Research Opportunities at C-GEM!

You are invited to apply to C-GEM's Summer Undergraduate Research Program (C-GEM SURP) where you will have the opportunity to perform cutting-edge research under the mentorship of seasoned scientists.

C-GEM is seeking to expand the chemistry of the proteome, and projects span the chemistry-biology interface, including projects in organic synthesis, mass spectrometry, directed evolution, and structural biology. The program provides housing and board, a generous stipend, and support for travel to and from the research site. No prior research experience is required to participate!

Applications are due February 1st

Registration: <https://www.jotform.com/form/252316868865168>

UNDOCUSTEM

UndocuSTEM aims to support undocumented students in the fields of STEM (Science, Technology, Engineering, Math) through **accessibility, opportunity, and resources** by creating a program that promotes equity, racial justice, leadership, and career development. The UndocuSTEM program was founded by students, and funded through the LatinXCEL grant from the Silicon Valley Community Foundation.

Arlyne - an UndocuSTEM Research Intern - who has worked together with volunteers to create an **excel sheet to track all the available internships** from this Fall. Take a few minutes to check it out!
